Another Battle-Scarred

Veteran Returns

Sgt. Ernest Buckingham returned home on Wednesday evening. The veteran was out and a large crowd of citizens upon the arrival of the soldier to give him a welcome home. Sgt. Buckingham was wounded twice during the war. Since being discharged from the hospital he has been engaged in military service in England. It is not expected that he will begin his life for active service. All honor to the men who have done "their bit."

LAST SATURDAY'S POLITICAL MEETING

A political meeting was held last Saturday evening in the I.O.O.F. hall for the purpose of announcing a Conservative candidate to contest this constituency in the coming election. Mr. James MacKinnon was elected chairman, while Mr. F. Murray was elected secretary. The chairman, after calling the meeting to order, announced that the meeting was an independent meeting and could not be called a Conservative convention owing to the lack of proper representation from the various parts of the constituency. The result of this announcement was that one of the old Conservatives left the hall saying that he thought he had come to a Conservative convention, but that he found that the meeting was an independent meeting and could not be called a Conservative convention. A Grand representative was elected to the convention by stating that the Conservative party was as good as a coffin in Gurnam, and when Mr. Towell, who was a good Liberal, was nominated as the candidate, everyone agreed that the Conservative party must be in a bad way so far as possible candidates are concerned in their own party. We are inclined to think that the party is under-going its strength in the constituency, and that again who could stand for the traditional policy of the Conservative party would have a far better chance of being elected than a man who in no sense could represent the party principles in the legislature.

Representatives of the Non-Partisan League were present and attempts were made to bring about a union of the two parties. The acceptance of the nomination by Mr. Towell, however, was a thing which could be accomplished. Some felt that Mr. Villor and Mr. Towell were not coming to the meeting, but non-partisans will agree with them that any large ceremony between a Tory and a Non-Partisan would be an antithesis. To unite with an other party would destroy the foundation principle of their organization. So the meeting closed with little being accomplished. It is said that Mr. Towell is left surrounded in the air between the Conservatives and the independent. How long he will stay there does not know. Non-partisans can never support him unless he signs their declaration of faith, and if he does take the Conservative line and not support his without breaking away from the foundation principle of their party. The declaration is that both the non-partisans and the Conservatives will run a candidate, and that Mr. Towell will settle down into the non-political apathy which he has enjoyed for so many years past.

WINTER KILLING AND CONDICTION OF FALL WHEAT

The area estimated to be sown to winter wheat last fall is \$12,400 acres, of which 225,000 acres are in Ontario, 140,700 acres in Saskatchewan, 18,000 acres in Alberta, 3,000 acres in Manitoba and 6,200 acres in British Columbia. In Ontario the proportion of the area reported to be winter killed is 25 per cent. in Manitoba 14 per cent. in Alberta 15 per cent. and in British Columbia 6 per cent. No reports on the winter killing of fall wheat are available for Saskatchewan. In the two provinces of Manitoba and Alberta 14 and 15 per cent. respectively. It is assumed that the proportion of 15 per cent. also applies to Saskatchewan. The fall is a total estimated destruction of 1,700 acres of fall wheat, or 25 per cent. The proportion is larger than in any of the two previous years when, however, the amount of winter wheat was approximately less, but just not more than about 6 per cent. in any year. After deducting the area estimated to be winter killed the area to be harvested of fall wheat is 225,000 acres. The condition of fall wheat on April 15 is reported to be 67 per cent. of the standard representing a full crop in Ontario, 68 per cent. in Manitoba, 59 per cent. in Alberta, and 51 per cent. in British Columbia, making the average for all Canada (Saskatchewan excepted) to be 60 per cent. This is a lower percentage representative condition than any previously recorded at the same date since 1905 and reflects the exceptional severity of the past winter.

Liberal Meeting

The Liberal meeting which was held in the Opera House on Wednesday evening, considering the inclemency of the weather was well attended. The bad roads made it impossible for any large number to attend from the country. The speaker for the evening was Hon. C. Mitchell, the Provincial Treasurer. In opening his address he said that we are living in troublous times, when people take notice of little things that in normal times they would pass by, times when a government would have to walk very circumspectly to keep criticism.

Brady referring to the war, and the possibility of the introduction of conscription he expressed himself as being in favor of it and he hoped that there would be no interference or unnecessary filibuster in bringing it about. The early election, he explained, was in every attempt to secure a snap verdict. The government has had its full five sessions, and even unexpected election. The opposition has long since been preparing to meet the first session of the new parliament was the leader of the opposition. In these times when the issues of the war should be paramount in our thoughts, it was wisdom on the part of the past administration to allow as short a time as possible for the campaign.

In 1913, the Sir John Galt act passed to the people as a proposition that met with the approval of the electorate, which returned 36 government candidates and 18 opposition. After every promise has been fulfilled we now appeal to the electorate on our past record, believing that the legislation that has been put on the statute books of the province, will meet with the hearty approval of the voters at the coming election. Premier St. Louis to caution his people. The Liberal government has almost exhausted the demands made upon it in the way of progressive legislation. Alberta in many reforms has taken the lead over all the provinces of the dominion, and the next few years will show how these innovations will work out in actual practice.

The Direct Legislation Act, which was given priority to 1913, had made possible the prohibition of the liquor traffic. The Farm Machinery Act had proved so effective and efficient that the machine companies had changed their whole system of doing business and there was now no practical litigation on these matters in this province.

Considerable time was taken up in answering the criticisms that had been made against the Government. Regarding the railway guarantee, he said that from the report of the Commission that the Province had guaranteed the bonds of the C.N.R. only to the extent of about one-half of the cost of production. (See article in this issue giving the report of the Royal Commission.)

In a very able manner the speaker justified the Government in its legislation regarding the soldiers' vote, and showed that with the 11 members who were on active service, who were being given their seats in the new parliament without an election, and the two new members who would be elected by the soldiers, they would have a representation of 13 members in the next legislature.

WEEKLY HALF HOLIDAY

Why not declare a half-holiday every week during the summer months. Other towns along the line have done so and it has benefited thereby. It is only a matter of all the merchants agreeing on the day and it would work fine. Those who spend most of the day inside should have the privilege of spending the summer afternoons a week outdoors. Life is too short to spend all the time amongst business cares. Let us get busy and everybody smile.

SWEET SUMMER GIRLS WILL FIND IN OUR STORE ALL OF THOSE Dainty WAISTS, UNDERMUSLINS, HOSE AND PRETTY THINGS THEY SO DEARLY LOVE.

AND WHEN THEY FIND THE THINGS THEY WANT THEY WILL FIND THE PRICE SO TEMPTING THAT THEY WILL BUY WHAT THEY NEED FROM US.

WE MAKE OUR STORE THE "STYLE CENTRE" BY CARRYING THE BEST MERCHANDISE, MADE AND TRIMMED IN THE LATEST FASHION.

COME IN! AND YOU WILL GO OUT HAPPILY SUPPLIED WITH WHAT YOUR EYES AND HEART DESIRE.

PRODUCE MORE POULTRY
PRODUCTS

There never was a time when egg
production was as necessary as at the
present. The demand was never so
good and prospects indicate that this
demand will continue for some time
to come. With the scarcity of meat
Canada are eating more eggs, and
Great Britain needs all the eggs that
we can supply.
Therefore, as a business proposition,
increased poultry production
should appeal to us more than usual.
In normal times, Great Britain
eats a million eggs a day; she
would probably eat more now if she
could get them. Canadian eggs are
at a premium in England; the price
paid for them have been several
cents a dozen higher than that paid
for eggs from some other countries.
Canada should be able to supply a

great many more than she has
done.
We have the climate. We have the
feed, and though labor for other
lines of work is scarce there is plenty
of labor suitable for poultry keep-
ing for those who are comparatively
old or the younger members of the
family are quite satisfactory for this
line of production.

NELSON-COGELOW
A few weeks ago Miss Florence
W. Cogelow, youngest daughter of
Mr. and Mrs. C. F. Cogelow, was
united in marriage to Mr. W. A.
Nelson of San Diego, California. Mr.
Cogelow was well known in the Gran-
ville and Claresholm districts and is
still an extensive land owner in these
parts.

Quarter Million Dollars in Automobiles

The Studebaker Corporation in order
to supply the demand for their cars
in Quebec, engaged an entire freight
train and loaded it with Studebaker
cars.

It is declared to be the largest single
shipment of motor cars ever sent to
an eastern destination. The seventy
four cars were valued at approximately
\$250,000. All of the machines were
touring cars, both four and six popu-
lar models. This new direct delivery
method.

The Studebaker Corporation, Wal-
keville, Ontario, has in process of
construction at Windsor, one of the
four new and most completely equip-
ped automobile establishments in the
Dominion. This new direct delivery
branch of the great Canadian motor
car manufacturers, will be located on
the corner of Chatham and Polster
streets in the heart of Windsor's
retail district. With its three stories
and basement, the new Studebaker
house will have a total of over 17,000
square feet of floor space.

The Non-Partisan League conven-
tion will be held next Saturday in the
I.O.O.F. hall. It is expected that a
candidate to contest this constituency
at the coming election will be se-
lected.

The Boy Scouts have been fortu-
nate in having three acres of land
leased them for the summer. Mr.
Atkinson was the generous donor
and is a source of the appreciation of
all the scouts. The boy scouts have
already been busy and in a few days
the whole pack will be planted with
potatoes.

The U.F.A. Sunday which will be
celebrated next Sunday should at-
tract every member of the U.F.A.
The day is being recognized all over
the Province and has now become
an annual event. Rev. J. W. Kidd,
R. E. Moffat will give the address,
and the other ministers in the town
will each read a paper.

"Idle Wives," which commences the
Rev. on Friday and Saturday of this
week, is one of the best plays ever
shown in the West. This will be his
first appearance in Alberta, and next
week he will be shown for five nights
in the Grand Theatre in Calgary. The
play has had a wonderful run, and is
undoubtedly one of the most grip-
ping and fascinating plays that
has been produced.

We are pretty near dead for want
of a drink. For six months past not
one drop have we been able to get.

We applied to the town council to
bring in the water, but the town clerk
but one and all determined to
keep us among the "drys." If our
readers are troubled with blured eyes
in their upper kindly attribute it to
the lack of water in the office to wash
our type rather than be carelessness
on the part of our printers.

Are we to be slaves of a German
militarism? Judging from the op-
position that is developing among
some of our readers they would wel-
come a Hun rule in Canada rather than
consent to see going to this front to
fight. Germans and mongrel people
would be, to be sure, to the sacred
trust imposed upon us by our fathers;
Judases to be despised by all future
generations, if we fail to do our part
in this great war for righteousness.

Conscription without doubt is coming
in Canada, as it has come in the
United States and in Europe. Volun-
tary recruits have almost ceased. It
is the last million man who will turn
the balance of weight on the battle
field and win the war. Every young
man of military age should at once
offer his services, and not wait until
the hand of the law forces him to do
what he should do voluntarily.
